Together We Can

CLONE WEBSITE SCAM

A clone website scam is when cyber criminals create a fake copy of a genuine website (like a bank, shopping site, or government portal) to trick people believe it's real.

PAY ATTENTION, STAY SAFE

Fraudsters copy real websites to steal your data & money.

How to Spot It: |—————|

- Strange or misspelled website URLs that look unusual.
- No padlock or a fake-looking HTTPS certificate.
- Spelling mistakes or odd design changes on pages.
- Urgent warning messages asking you to log in quickly.

Stay Safe: |—————|

- Always type the official website address yourself carefully.
- Verify fully before sharing any passwords or payment details.
- Use saved bookmarks for trusted and genuine websites.
- Report all suspicious links or fake websites immediately.
