

**RESPONSE TO PRE BID QUERIES**

S.No	PARTICULARS	QUERY BY CONTRACTORS	RESPONSE
1	SHEET METAL DUCTING WORK	In Tender specification 180GSM GI sheet Ducting has been asked BUT In BOQ 120 GSM GI sheet Ducting has been asked. Please clarify 180 GSM is Required or 120 GSM.	Please follow as BOQ Specified
2	SHEET METAL DUCTING WORK	We request for TDF DUCTING as per Smacna Standard instead of MS Angle.	Please follow as BOQ Specified.( TDF ducting is factory fabricated it is costlier than MS. MS installation cost is high than TDF. Transverse duct flange use for jointing the ducts. We prefer MS angle for that.
3	GRILL & DIFFUSER	In Tender specification Double deflection Grill with VCD is asked BUT In BOQ Fixed Grill without VCD is asked. Please Clarify.	Fixed grill without collar damper is required as per BOQ. Please follow as BOQ Specified (It is return air grill without collar damper.)
4	INSULATION WORK	In tender Specification Class O Nitrile rubber with Factory laminated AL foil has been asked. In BOQ Class O Plain Nitrile rubber has been asked. Please clarify AL foil required or Not.	Plain nitrile rubber required as per BOQ. Please follow as BOQ Specified .
5	GENERAL POINTS	Power and water at site will be provided by client free of cost.	Yes
6	GENERAL POINTS	We assume that BOQ specification will be Supersede against tender specification.	Yes
7	GENERAL POINTS	We request you to share BOQ in excel format as few words in PDF are hidden in ROW.	Revised BOQ is uploaded along with this document
8	The Contractor should have their representative office in GUJARAT for operational convenience	We have Satellite based project representative in Gujarat to take care of project execution. In case of Project Planning, Design, Sales will be monitored from Mumbai Office.	As per the eligible condition no. 6, the contractor is needed to have a representative office in Gujarat. Sufficient documents mentioned in the tender are also needed to be provided. Also, The L1 bidder has to provide full time technical site supervisor and office set up near site
9	Technical Specification - The entire supply, installation, testing and commissioning work will be completed by the contractor within 2-3 MONTHS from the date of award of the contract.	As per Notice Inviting Tenders the completion is 1 month but as per Technical Specification document the completion period is 2-3 months. Please confirm	Only 1 month time will be provided for HVAC work.
10	Limit switch & control panel	Please provide the detailed specification and scope which will enable us to quote.	Detailed specs for limit switch and control panel has been incorporated in the BOQ
